## PERSONAL PROFILE

Hi, I'm Felix, A 21 year old from the UK living and working in Copenhagen.

I love to code with modern tools and I work hard to produce professional websites.

I am currently looking for the right opportunity to work in an environment that will allow me to further develop my skills.

## AREAS OF EXPERTISE

- Javascript, HTML, CSS, React and Python experience
- Various frameworks and libraries
- Working knowledge of Mongo, Express, Node, J-query, Git etc.

## OTHER SKILLS

- The ability to analyze complex technical information
- Natural affinity for learning
- Excellent problem solver

## WORK EXPERIENCE

### FRONTEND DEVELOPER

OMNI | March – Current

I have been very fortunate to have been working with OMNI – a fast passed furniture rental start up operating in the heart of Copenhagen. From day one I have been writing production code under the supervision of my talented mentor, and have already learned a huge amount about how to develop code in a professional environment. Most of the code is written in React and SCSS, and we use various other tools to aid development, like Prismic (a CMS), Git, Bootstrap, etc.
